## Mesa Academy

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

### PRINCIPALS MESSAGE

As principal, I have the unique privilege of introducing you to the Annual School Accountability Report Card for Mesa Academy. Whether student, parent, staff, or community member, the data contained within these pages will prove useful in informing you about our school and community, including but not limited to: demographics, achievements, progress evaluation, ongoing goal realization, discipline, budget, and facility enhancement.

In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card. However, we view this as not only a means of complying with state legislature, but as an opportunity to keep our community, and the public in general, well informed. We desire to keep the lines of communication open and welcome any suggestions, comments, or questions you may have. It is the opinion of the district, myself in particular, that a well-informed public is vital in continuing to advance in an ever-evolving world.

It is the belief of Mesa Academy that students can and will excel in an environment that is tailored to their evolving needs. Although we recognize our areas of need and concern, we are extremely proud that we continue to rise to the challenge put forth from the state, district, and federal government.

### SCHOOL MISSION STATEMENT

At Mesa Academy, we believe that every decision we make must be based on what is best for the student. By establishing a collaborative culture within our school community and focusing on providing a safe and positive learning environment, we share the responsibility with our families for making sure all students successfully achieve the established content and performance standards. In order to accomplish this mission, it is necessary for the entire staff, parents, and students themselves, to commit to doing whatever it takes to see that every child becomes a skilled and enthusiastic learner.

### SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 20,000 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools, 2 sixth grade academies, 3 middle schools, 2 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Mesa Academy shares the Mesa Grande Elementary campus which is located in the central region of Hesperia. Mesa Academy serves K-3 students who are waiting for an opening in the district's school that is closest to their home (referred to as "home school"). At the beginning of the 2007-08 school year, 165 students were enrolled at Mesa Academy. The school offers a full-day kindergarten program. Transportation is provided to and from Mesa Academy; picking up and dropping off students at their designated home school.

## Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

## III. School Climate

### School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

The Comprehensive School Site Safety Plan was developed for Mesa Academy in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in August 2007. Staff training to discuss staff responsibilities and safety plan updates took place during staff in-service days in August 2007. A copy of the school site safety plan may be obtained at Mesa Academy's main office or the Hesperia Unified School District office.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

## IV. School Facilities

### School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

#### SCHOOL FACILITIES

Mesa Academy is located on the north side of Mesa Grande Elementary School; many of the common areas are shared with Mesa Grande Elementary School. Mesa Academy provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original facilities were built in 1976; ongoing maintenance and modernization efforts ensure facilities remain safe and up to date and provide adequate space for students and staff. The most recent enhancements took place during 2005-06; the kindergarten building was remodeled to provide additional classroom, and the cafeteria and administrative buildings were enlarged.

#### CAMPUS DESCRIPTION

Year Built - 1976

Acreage - 10 ac

Square Footage - 38,846

# of Permanent Classrooms - 0

# of Portable Classrooms - 6

# of Restrooms (student use) - 1 set

Library\* - 1

Cafeteria/Multipurpose Room\* - 1

Health Office\* - 1

Staff Work Room/Lounge - 1

\* Facilities include and are shared with Mesa Grande Elementary

#### CAMPUS SUPERVISION

Mesa Academy's principal and instructional aides greet students as they arrive either by bus or personal transportation and then escort students to their classrooms. During recess, teachers are on the playground to monitor behavior and playground activities. Proctors provide supervision during the lunch recess and monitor both cafeteria and playground activities (shared with Mesa Grande Elementary). At the end of the day, instructional aides and/or teachers escort students to the bus loading area or student pickup area to ensure students leave campus safely.

#### CAMPUS MAINTENANCE

The custodial staff and district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The principal and custodians communicate weekly regarding the maintenance issues and special projects; hand-held walkie talkies enhance two-way communication efforts and help facilitate an immediate response to emergency situations. Two full-time day custodians and three full-time evening custodians are assigned to Mesa Academy. Every morning before school begins, one of the day custodians inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. As part of routine responsibilities, the day custodian keeps bathrooms, cafeteria, and campus grounds clean throughout the day. The evening custodians clean classrooms, desks, and restroom, and are responsible for set up and take down of equipment and/or furniture for afternoon and evening events.

Mesa Academy works closely with the district's Maintenance & Operations department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection at Mesa Academy took place on January 22, 2008. M&O employs a work order process that enables Mesa Academy to communicate unscheduled maintenance needs, urgent repairs, or special projects. Emergency situations are regularly resolved in one hour or less.

## Planned Improvement

Hesperia Unified School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2007-08 school year, Mesa Academy received no money in deferred maintenance funds. However, a portable restroom was constructed on the Mesa Academy playground utilizing the district's facilities monies.

## VII. Curriculum and Instructional Materials

### Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

#### Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the California Content Standards and Frameworks. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board. On September 9, 2008, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2008/09-24 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-11, inclusive.

### Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

In addition to general fund state funding, Hesperia Unified School District receives state and federal categorical funding for special programs. For the 2007-08 school year, the District received approximately \$1,731.07 per student in federal, state, and local aid for the following categorical, special education, and support programs:

- Class Size Reduction
- Drug/Alcohol/Tobacco Education
- Economic Impact Aid
- Gifted & Talented
- Home-to-School Transportation
- Instructional Materials
- Special Education
- School Library Block Grant
- Tenth Grade Counseling
- Title I (some schools)

Percent of Budget for Administrative Salaries	5.8%	5.2%

## IX. Student Performance

### California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

### CST Results for All Students – Three-Year Comparison

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

## API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

## AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	--	No
Participation Rate - English-Language Arts	--	Yes
Participation Rate - Mathematics	--	Yes
Percent Proficient - English-Language Arts	--	No
Percent Proficient - Mathematics	--	No
API	--	Yes
Graduation Rate	--	No

## Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	--	In PI
First Year of Program Improvement	--	2004-2005
Year in Program Improvement	--	Year 3
Number of Schools Currently in Program Improvement	--	0
Percent of Schools Currently in Program Improvement	--	0%

## XI. Instructional Planning and Scheduling

### Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All professional development activities in Hesperia Unified School District revolve around the California State Content Standards and Frameworks and are research-based. Certificated staff build teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2007-08 school year, the district made available one staff development buy-back day and supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of writing and math. Each school site then identifies and coordinates its own staff development activities based upon individual student needs, school site plans, and the district's designated focus areas.

During the 2007-08 school year, Mesa Academy held one staff development buy-back day to reinforce Write From the Beginning (introduced in 2005-06). Staff development topics were selected by the principal, and School Site Council. Training programs and topics were chosen based upon the school focus and student needs. Results for the California Standardized Tests and district benchmark assessments, teacher feedback, and findings from classroom observations help identify areas for improvement and training programs that will enable teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered around the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets four times a year to review student test results from state and district assessments and review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment.

The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, ExCEL philosophy, English language learners support, curriculum, instruction, and grade-level and content area specialties.

### Professional Development Days

This table displays information on the annual number of school days dedicated to staff development for the most recent three-year period.
