Reported for the 2009-10 School Year

Published During 2010-11

Hesperia Junior High

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at www.cde.ca.gov/ta/ac/sa/. For additional information about the school, parents and community members should contact the school principal or the district office.

Principal's Message (2009-10 School Year)

This section provides information about the school, its programs and its goals.

PRINCIPAL'S MESSAGE

I'd like to welcome you to Hesperia Jr. High's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curriculum programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Hesperia Jr. High provides a warm, stimulating environment where students are actively involved in learning academics, as well as, positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Hesperia Jr. High's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together through our hard work, our students will be challenged to reach their maximum potential.

SCHOOL MISSION STATEMENT

We, the staff and parents of Hesperia Jr. High School, pledge to provide to all students a safe, caring, and positive environment that promotes academic excellence, develops self-esteem and individuality, fostered by a variety of teaching strategies, parent involvement, and extra-curricular activities.

SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 20,000 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools which includes 3 choice schools. At the secondary level Hesperia has 3 middle schools, 3 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Hesperia Jr. High is located in the central region of Hesperia and serves students in grades seven and eight. At the beginning of the 2009-10 school year, 1137 students were enrolled, including 7% in special education, 27% qualifying for English learner support, and 75% receiving free or reduced-price meals. Hesperia Jr. High achieved a 2010 Academic Performance Index (API) score of 718.

Parental Involvement (2009-10 School Year)

This section provides information about opportunities for parents to become involved with school activities.

-----------------------------	-----------------	-------------------------------------	--------------

Parents are encouraged to volunteer in the classroom, help with school events and field trips, and get involved in the decision-making process through school committees. The School Site Council, Parent Center, English Language Advisory Council (ELAC), and GATE Advisory Council (Gifted and Talented Education) provide opportunities for parents to get involved with their child's educational experience. Parents who want more information or wish to participate may contact the school office at (760) 244-9386. There is a job for everyone who wants to get involved!

Regular school-to-home communication is provided in both English and Spanish. Information about current events and school activities can be found in Hesperia Jr. High's newsletter and fliers. Occasionally, the school mails important news and announcements to parents at home or uses the school's automated telephone system to contact parents verbally. Parents may access current information about their child's attendance, course grades, and homework assignments through the school's website using EdLine (www.edline.net).

II. School Safety and Facilities

School Safety Plan (2009-10)

This section provides information about the school's comprehensive safety plan.

Date School Safety Plan last reviewed:	August 2009
---	-------------

The Comprehensive School Site Safety Plan was developed for Hesperia Jr. High in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in August 2009. Staff training to discuss staff responsibilities and safety plan updates took place during staff in-service days in August 2009. A copy of the school site safety plan may be obtained at Hesperia Jr. High's main office or the Hesperia Unified School District office.

Suspensions & Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

SCHOOL FACILITIES AND SAFETY

Hesperia Jr. High provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original facilities were built in 1962; ongoing maintenance and modernization efforts ensure facilities remain safe and up to date and provide adequate space for students and staff. Throughout the years, portable classrooms have been added to accommodate increased growth in enrollment. The campus is comprised of the following:

Acreage = 37 acreages

Square Footage = 88,456

Number of permanent classrooms = 14

Number of portable classrooms = 45

Number of restrooms (student use) = 9 sets

Computer Lab = 2

Library = 1

Cafeteria/Multipurpose Room = 1

CAMPUS SUPERVISION

Eleven campus assistants supervise students as they enter the campus each morning. Between classes and during lunch, all administrators, nine campus assistants, and teachers monitor student activities and behavior. At the end of the school day, five campus assistants and administrators monitor the bus area and student parking lot to ensure students leave campus in a safe and orderly manner. The district's police department coordinates efforts with Hesperia Jr. High to maintain a safe, secure, and peaceful campus; one full-time police officer is available during the day to assist with student supervision. Any student who commits a serious violation (i.e., fighting) is subject to arrest, citation, and a referral to the district's Juvenile Probation Office.

CAMPUS MAINTENANCE

The custodial staff and district's maintenance department work together to ensure common areas, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The principal and custodians communicate throughout the day to discuss custodial needs, maintenance issues, and special projects. Hand-held radios enhance two-way communication efforts and help facilitate immediate resolution to urgent and emergency situations.

Hesperia Jr. High's plant supervisor oversees and supervises custodial staff which is comprised of two full-time day custodians. Every morning before school begins, the day custodians inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. As part of their daily duties, the day custodians and plant supervisor are responsible for overall general campus maintenance and keeping the cafeteria and restrooms stocked, safe, and sanitary. The evening custodians are responsible for cleaning classrooms, desks, school office, restrooms, and outside grounds areas. Day and evening custodians share responsibility for set up and take down of equipment and/or furniture for afternoon and evening events.

Hesperia Jr. High works closely with the district's Maintenance and Operations department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection at Hesperia Jr. High took place on August 24, 2009. M&O employs a work order process that enables Hesperia Jr. High to communicate unscheduled maintenance needs, urgent repairs, or special projects. Emergency situations are regularly resolved in one hour or less.

III. Curriculum and Academics

Quality, Currency, and Availability of Textbooks and Instructional Materials (2010-11 School Year)

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the California Content Standards and Frameworks. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's

Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board. In September 2009, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2009/10-14 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-11, inclusive.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2009-10)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All professional development activities in Hesperia Unified School District revolve around the California State Content Standards and Frameworks and are research-based.

Certificated staff builds teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2009-10 school year, the district made available one staff development buy-back day and supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of writing and math. Each school site then identified and coordinated its own staff development activities based upon individual student needs, school site plans, and the districts designated focus areas.

During the 2009-10 school year, Hesperia Jr. High held one staff development buy-back day to introduce or reinforce Write For the Future, socratic seminars, philosophical chairs, differentiation, and reciprocal teaching. Staff development topics were selected by the principal, assistant principal, and ExCEL Leadership Team. Training programs and topics were chosen based upon the school focus and student needs. Results for the California Standardized Tests and district benchmark assessments, teacher feedback, and findings from classroom observations help identify areas for improvement and training programs that will enable teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered around the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets once a year to review student test results from state and district assessments and

review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment. The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, ExCEL philosophy, English language learners support, curriculum, instruction, and grade-level and content area specialties.

Professional Development Days

This table displays information on the annual number of school days dedicated to staff development for the most recent three-year period.

VI. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
