Hollyvale Elementary

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at www.cde.ca.gov/ta/ac/sa/. For additional information about the school, parents and community members should contact the school principal or the district office.

Principal's Message (2009-10 School Year)

This section provides information about the school, its programs and its goals.

PRINCIPAL'S MESSAGE

I'd like to welcome you to Hollyvale Elementary's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Hollyvale Elementary provides a warm, stimulating environment where students are actively involved in learning academics, as well as positive values. Students receive a standard-based, challenging curriculum by dedicated professional staff, based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

School Accountability Report Card

Published During 2010-11

We have made a commitment to provide the best educational program possible for Hollyvale Elementary's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together through our hard work, our students will be challenged to reach their maximum potential.

SCHOOL MISSION STATEMENT

Hollyvale is dedicated to preparing our students for the twenty-first century by providing a safe and positive learning environment, which fosters proficiency in the California State Grade Level Standards, the use of technology, and the experience of leadership. We encourage a shared responsibility among students, parents, and teachers. Hollyvale strives to furnish an atmosphere that allows for a growing respect for self and others. Further, we believe that it is possible for every child to be successful, and to that end, we are dedicated to the development of the whole child; academically, physically and socially.

SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 20,000 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools which includes 3 choice schools. At the secondary level Hesperia has 3 middle schools, 3 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Hollyvale Elementary is the only school in the district located in the Victorville city limits, west of the Interstate 15 freeway and south of Bear Valley Road in the Sunset Ridge area. At the beginning of the 2009-10 school year, 588 students in grade kindergarten through six were enrolled, including 7% in special education, 24% qualifying for English learner support, and 68% qualifying for free or reduced-price lunch. Hollyvale Elementary achieved a 2010 Academic Performance Index (API) score of 778.

Parental Involvement (2009-10 School Year)

This section provides information about opportunities for parents to become involved with school activities.

Parents are encouraged to volunteer in the classroom, help with school events and tutoring programs, and get involved in the decision-making process through school committees. The School Site Council, Parent Teacher Council, English Language Advisory Council, GATE (Gifted and Talented Education) Advisory Council, Back to School Night, and Family Curriculum Nights are a few of the many opportunities available to parents who want to get involved with their child's educational experience.

School-to-home communication takes place in a variety of formats. School activities, announcements, and committee meeting dates can be found in Hollyvale Elementary's monthly newsletter. Parents may access the school web site for general information about the school. A calendar of activities outlining important dates is sent home with students. Flyers are distributed for special announcements and important reminders. Parents who want more information or wish to participate in any of the school's programs may contact Cynthia Oliver (Family Resource Specialist), Sandra Rodriguez (Bilingual Assistant), or the school office staff at (760) 947-3484.

II. School Safety and Facilities

School Safety Plan (2009-10)

This section provides information about the school's comprehensive safety plan.

Date School Safety Plan last reviewed:	August 2009
---	-------------

The Comprehensive School Site Safety Plan was developed for Hollyvale Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in August 2009. Staff training to discuss staff responsibilities and safety plan updates took place during staff in-service days in August 2009. A copy of the school site safety plan may be obtained at Hollyvale Elementary's main office or the Hesperia Unified School District office.

SCHOOL FACILITIES & SAFETY

School Accountability Report Card

Reported for the 2009-10 School Year

Published During 2010-11

Hollyvale Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school facilities were built in 1994; ongoing maintenance and modernization efforts ensure school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff. Portable classrooms have been added throughout the years to accommodate growth in enrollment. The campus consists of the following:

Acreage=10 ac

Square Footage=42,190 sf

Number of Permanent Classrooms=14

Number of Portable Classrooms=12

Number of Restrooms (student use) = 2 sets

Computer Lab=1

Quad Area=1

Library=1

Music Room=1

Speech Lab=1

Staff Workroom/Lounge=2

CAMPUS SUPERVISION

As students arrive on campus each morning, administrators greet students at the entrance gate, one proctor monitors activities in the cafeteria during breakfast and three proctors are stationed on the playground. During recess, teachers are on the playground to monitor behavior and activities. Four proctors provide supervision during the lunch recess and monitor both cafeteria and playground activities. At the end of the day, teachers escort students to bus areas, on-campus after-school programs, and student pickup areas. One administrator is on duty in the bus area and one administrator supervises the student pickup area to ensure students leave campus in a safe and orderly manner.

CAMPUS MAINTENANCE

The custodial staff and district's maintenance department take great pride in Hollyvale Elementary's beautiful campus and work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The principal and custodians communicate daily regarding maintenance issues and special projects. Hand-held walkie-talkies enhance two-way communication efforts and help facilitate an immediate response to emergency situations. The custodian, proctors, teachers conducting physical education instruction, the school office, administrators, and after-school program director carry hand-held radios.

One full-time day custodian and two evening custodians are assigned to Hollyvale Elementary and work closely with the principal for routine maintenance, daily custodial duties, and special events. Every morning before school begins, the day custodian inspects facilities for safety hazards, graffiti, or other conditions that require removal prior to students and staff entering school grounds. After breakfast and lunch, cafeteria tables are immediately cleaned and the floor is swept. The day custodian checks the restrooms several times throughout the day as a proactive measure in keeping facilities stocked, safe, and sanitary. The evening custodians clean classrooms, desks, restrooms, windows, doors, and floors, and are responsible for set up and take down of equipment and/or furniture for afternoon and evening events.

Hollyvale Elementary works closely with the district's Maintenance & Operations department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection at Hollyvale Elementary took place on 12/17/09; no emergency repairs were needed and no unsafe conditions were found.

School Accountability Report Card

Reported for the 2009-10 School Year

Published During 2010-11

M&O employs a work order process that enables Hollyvale Elementary to communicate unscheduled maintenance needs, urgent repairs, or special projects. Teachers and school staff submit requests to the custodian, an administrator, or office staff who prepares and submits a work order to M&O for resolution. Emergency situations are regularly resolved in one hour or less.

III. Curriculum and Academics

Quality, Currency, and Availability of Textbooks and Instructional Materials (2010-11 School Year)

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the California Content Standards and Frameworks. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board. In September 2009, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2009/10-14 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-11, inclusive.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2009-10)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (2010-11 School Year)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Core Academic Classes Taught by No Child Left Behind Compliant Teachers (2009-10 School Year)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All professional development activities in Hesperia Unified School District revolve around the California State Content Standards and Frameworks and are research-based. Certificated staff builds teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2009-10 school year; the district made available one staff development buy-back day and supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of writing and math. Each school site then identifies and coordinates its own staff development activities based upon individual student needs, school site plans, and the districts designated focus areas.

During the 2009-10 school year, Hollyvale Elementary held one staff development buy-back day to begin training in Building Academic Background Knowledge. Staff development topics were selected by the principal, assistant principal, and Staff Council. The school's professional development focuses on Balanced Literacy, Thinking Maps, and Write from the Beginning. Training programs and topics were chosen based upon the school focus and student needs. Results for the California Standardized Tests and district benchmark

assessments, teacher feedback, and findings from classroom observations help identify areas for improvement and training programs that will enable teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered on the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets once a year to review student test results from state and district assessments and review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment.

The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, ExCEL philosophy, English language learners support, curriculum, instruction, and grade-level and content area specialties.
